INT:- DAY- WILL AND ROC ARE PLAYING POOL.

ROC

So,

WILL

So they were foretelling a story of how there was this war and the supernatural beings came to earth and their main objective was to cause disruption and steal the earths natural resources.

ROC

For what?

WILL

For the hell of it, I don't know yet I'm not that far in, but from what I'm getting they have to cause confusion to get it. So stay away from conflict it could be them starting it.

ROC

Yeah yeah yeah, I invite conflict, that's how I survive.

WILL

That's the thing, they travel in the mist of us and see and feel you looking for trouble so that's what they bring. They want your life.

CULT MEMBER

I do and I hear that they play a part in destroying our anatomy?

JENSU

That's right it does. Did you also know that the amount of radiation a microwave put out will eventually alter one's thinking. It can make him to see and believe things that are not real, (phone rings) Excuse me I have to take this call, converse amongst yourselves and I'll be back to answer questions.

ROC'S WIFE

How was your day honey?

ROC

Easy going. I had a strong conversation with Will while shooting pool. It was interesting.

ROC'S WIFE

Uh oh, when you tell me stuff that don't concern me, you want to talk about it. Okay (sits up) Talk to me what happened between you two now?

ROC

Oh nothing like that. We were just talking about this book he's reading and it's seems kinda real(laughs)

ROC'S WIFE

He's always reading books. He's going book crazy.

ROC

No, this time he has something, I think. I mean that rainbow at night was enough to prove anything's possible.

ROC'S WIFE

That's true but don't get so worked up about it go to bed. (turns off light, lays back and closes her eyes.) Goodnight.

(CONTINUED)

ROC

Goodnight, but just think honey  
it's not like everyday is promise  
to be a certain way and the same  
thing is guaranteed to happen. I  
mean a rainbow at night, if you can  
make sense of it then I'm okay.

ROC'S WIFE

Baby it probably was a reflection  
of some meteor or comet or  
something. It happens  
sometimes.(tries to sleep)

ROC

Yeah, I hope your right but just  
think. Every day is different don't  
that just prove right there that  
anything I mean anything can  
happen. So if a night rainbow can  
occur than what caused it and what  
else happened because of it. Any  
given day any given moment anything  
can happen. Well, Goodnight.

WILL'S WIFE

I'm sure it is. What is it saying now?

WILL

I'm getting further in it. Like here it says that these beings are smart. They learn our ways and duplicate our lifestyles. They often use reverse psychology to trick us into believing or disbelieving any confrontation or situation. At all cost the main objective is to instill hate. The prize is eventually they take souls regenerate and take control again. I just need to find out how, why, and how to stop them. (quietly whispers)

WILL'S WIFE

Hah!, sound like some women I know at work.

WILL

(frantically) Stay away from them!

WILL'S WIFE

Whoa, You need to put that book down baby and get some rest.

WILL

Your right. No, that's the reverse psychology, There's nothing wrong with me. No I have to read this. I need to know, I wonder can they travel through bodies?(stares at his wife.)

WILL'S WIFE

him one pill.)

JACKALE

(Smiles, then grabs the bartender's bottle and pours himself a drink.) How do you feel?

BARTENDER

Oh my god I just came, really (laughs) dude give me more.

If your wondering about what this  
room holds. Take a look.(Opens the

WILL  
What do we do?

MS.BANKS C.I.A.  
Look through the slots. This is  
wildlife simulated by 500,000 watts  
of high intensity discharge  
lighting fixtures acting as  
sunlight, fresh water streams and  
proper irrigation for plant life.  
What you see afar is actual cloned  
genetic hybrid dinosaurs. In the  
far left, what looks to be heavy  
currents in a ocean, if you look  
closely you'll see hippos with  
underwater winglike fins. Oh and  
they don't need air.

WILL'S WIFE  
Oh my God, Y'all gonna get it.

Which is fully capable of  
entertaining generations upon  
generations of people. We control

allow into society.

ROC

Who?

MS.BANKS C.I.A.

Don't even think about it.

ROC'S WIFE

I think that's cool you get to  
socialize with life's finest. If  
anyone knew about this they would  
pay a lot of money to do that.

MS.BANKS C.I.A.

Money has no value here. Not for  
us. We are secured with funding  
that would last past forever.

WILL

So wait these people are the same species that we seen.

MS.BANKS C.I.A.

From what it sounds like they are. We had this issue with them returning to earth and being captured for over seventy seven years.

WILL'S WIFE

They been held captive for that long.

MS.BANKS C.I.A.

They have, and they cannot channel the power through the thought process as far as the surface, so they have been unable to make contact with their own unless,

MR. PRESIDENT C.I.A.

I'm afraid it's not that easy.

MS.BANKS C.I.A.

See, the thing is this. Everyone hear is here because they witnessed something they shouldn't have. This is how the second U.S. was created. This is our community and you all are now apart of it. Get used to it. You will never leave but will be appointed positions and if you care anything about human life or you may have someone you love on the outside then you will follow strict instructions and carry out your missions to completion. WILL

I want in.

MR. PRESIDENT C.I.A.

Son think about what your saying here. We can provide you and your family with enough support and counseling down here maybe even coach and supervise your existence out there, but this decision is life altering, it may not or we may not be able to win this battle until we've lost hundreds maybe thousands of lives.

MS.BANKS C.I.A.

MR. PRESIDENT C.I.A.  
I don't know. Commander look at this.

COMMANDER PHILLIPS  
It seems so. The thirteenth zodiac must be a sign of some sort and it has too represent something. What's thirteen that we don't have an answer to. What could this mean?

THE MOUNTAINTOP TO OPEN THE NIGHT HEAVENS AND ALIGN THE  
STARS. THE NIGHT SKY THEN OPENS AND SHOWS THE CONSTELLATION

TOWARDS THEM. HE IS EQUIPPED WITH THE FOUR SEASONS IN ONE  
HAND AND CATCHING A NORTH WIND FROM THE OTHER.

BEEZEL

is ready.

INT: UNDERGROUND- THEY FURTHER INVESTIGATE THE SCROLL WHICH  
THEY READ ABOUT THE THIRTEENTH ZODIAC.

COMMANDER PHILLIPS  
(He receives the translation from  
the scientist.) Here, it says the  
star is called birth and it comes  
and goes every six thousand years.  
When it arrives it comes bearing  
the four seasons and a new wind,  
which creates a new season for a  
period of a natural day. Which  
administers total annihilation of  
all things living with the  
assistance of the N'SWEES.

WILL  
Wait the N'SWEES that must be the  
guy we saw. I've read about them. I  
have the book.

MS.BANKS C.I.A.  
We know a great deal about them by  
studying our very own. Besides the  
book you have is a misleading

want top keep someone away give  
them a little to gain there  
attention then give them a lie to  
direct their actions, a distraction  
if you will. What we need to know  
now is how to stop them. Now we  
have the missing part to the  
scroll.

WILL

What if that's a distraction?

MR. PRESIDENT C.I.A.

You ever heard of hope, faith.  
Because if you have then you better  
use it. If this is a distraction  
then it's over.

MR. PRESIDENT C.I.A.

Also we have to keep in mind the  
contradictions between the two  
manuscripts. There's a reason for  
it.

COMMANDER PHILLIPS

Listen, it further says that the  
thirteenth zodiac, Birth will bring  
about destruction during the time  
of a total eclipse. At this point  
time stands still. The beginning  
becomes the end and the end the  
beginning simultaneously.

MR. PRESIDENT C.I.A.

When is our next scheduled total  
eclipse.

SCIENTIST C.I.A.

It's scheduled to happen in  
approximately seven days, of course  
at night fall.

MR. PRESIDENT C.I.A.

Okay we got seven days to do  
something man been trying to do  
since the beginning of time.

What?

ROC  
Pinky for short, President Pinky  
never mind.

WILL  
I'm no specialist at combat or  
anything, but don't you think we  
need more people.

COMMANDER PHILLIPS  
We weren't prepared for any war we  
only have who's here.

WILL  
All this technology and no one to  
fight!

ROC  
I'll fight by myself.

MS.BANKS C.I.A.  
Right, you'll last as long as your  
previous sentence. Sit down. Mr.  
President the only way is to expose  
our studies to the outer world.

MR. PRESIDENT C.I.A.  
We can't do that. That was our only  
agreement.

COMMANDER PHILLIPS  
Mr. President if we don't there  
will be no outer world or any place  
for an agreement.

MR. PRESIDENT C.I.A.  
I'll make the call. Let's develop a  
plan we only have seven

Mr. President any word from Washington?

MR. PRESIDENT C.I.A.

Not until I know our direction. We need proof. They want coincidences that can be debated.

WILL

(Looking at the scroll.) Well looks like they're gonna get it.

MS.BANKS C.I.A.

(Leans in looking closer.) Where are the originals?

SCIENTIST C.I.A.

Right here mam. The copies are just for comparison.

MS.BANKS C.I.A.

Lay them directly next to them.

WILL

Wow I finally get to see what this says. How accurate is the interpretation.

SCIENTIST C.I.A.

Very, the actual picture is explained in detail.

MR. PRESIDENT C.I.A.

What do we have here?

MS.BANKS C.I.A.

Oh no,

WILL

What is it?

MS.BANKS C.I.A.

If I'm reading this correctly the way they determine their win is death rate against the rate of life.

WILL

(Reading the scroll.) The purpose is to win souls and reincarnate back to their original body and reclaim earth. The only way to

WILL (cont'd)  
accomplish this is to destroy  
mankind totally. The way is to  
manipulate mankind's actions by  
heavily influenced decisions thus  
creating voluntary acts resulting  
in death. The purpose, utilize  
mankind's natural resources for  
their home planet and destroy  
mankind's natural habitat. It's  
signed by the author,

SCIENTIST C.I.A.  
Yeah and get the name we multiplied  
that a hundred times to make sure  
we got it right.

WILL  
The author's name is Arkael. Who  
was he.

SCIENTIST C.I.A.  
We did research he was an old  
astrologer some say he was crazy  
for sightings he claimed to have  
seen and planets he claim to have  
explored. He also made public  
statements about being captured by  
aliens while on other planets and  
being returned to earth after being  
used as a lab rat, if you will. He  
supposedly overheard and was able  
to translate every conversation.  
The locals called him crazy and  
slayed him three times.

ROC  
Three times?

SCIENTIST C.I.A.  
It means they killed him again and  
again three different ways.

ROC  
Why wasn't he dead the first time?

WILL  
No they did it to make a point,  
just forget it. Let's see what else  
it says.

SCIENTIST C.I.A.

Keep in mind one more important thing about Arkael after his death the few that believed him followed in his foot steps and carried out his orders concerning his teachings so it's likely to have different renditions of this or more to this in different locations.

WILL

The book.

ROC

It was a bootleg.

MR. PRESIDENT C.I.A.

So what about this death rate?

WILL

Yeah what do we do?

MS.BANKS C.I.A.

Easy, go to the world wide web and check the death and birth rate up to and including today.

SCIENTIST C.I.A.

Will do.

WILL

The internet has that info?

SCIENTIST C.I.A.

To the exact date and time.

WILL

Interesting.

MR. PRESIDENT C.I.A.

Commander Phillips get the world today news on.

ROC

You have cable?

MS.BANKS C.I.A.

Yes it was a triple rate deal.

ROC

What address did you use, hell.

MR. PRESIDENT C.I.A.

Quite the contrary sir. You need not worry about that. You should be in physical training.

ROC

Now that's something I'm all for.

MS.BANKS C.I.A.

Good I think you'll be more useful there. Security, escort Mr. Roc to physical training. We will call for him when ready.

SECURITY C.I.A.

Yes Major, come with us sir.

ROC

No problem. I'm a hands on kinda guy myself.

Cut in: underground- The t.v. is on and reporting mass flooding, numerous natural disasters and possible threat of world war between major countries concerning information regarding a terrorist attack.

COMMANDER PHILLIPS

I would say that's enough proof.

MR. PRESIDENT C.I.A.

I'll make the call!

WILL

Wait! Before you do that, don't you think we should at least have a plan in order to destroy these beings.

COMMANDER PHILLIPS

He has a point if we call now they will never believe us let alone give us any assistance without a foolproof plan to at least try to stop them.

WILL

I say we study all we can about their plan to take control and our way to destroy them at least this last night.

(CONTINUED)

MR. PRESIDENT C.I.A.  
Okay, you got it tomorrow morning  
we have to do something  
immediately.

MS.BANKS C.I.A.  
I agree sir. A concrete plan sounds  
better than a panic attack.

COMMANDER PHILLIPS  
I second that.

WILL  
All agreed. Let's do it. What's  
next?

SCIENTIST C.I.A.  
Next we have the attack of this  
thirteenth zodiac. The age it  
brings is total destruction there's  
no direction with this one. That's  
why it's hard to figure out.  
There's also nothing written on it.

WILL  
Someone record it, I mean for  
future generations.

MS.BANKS C.I.A.  
Unfortunately your right, if we win  
today they'll be back generations  
from now.

WILL  
I hate to say it but that's not my  
problem but the least we can do is  
leave them some instructions.

MS.BANKS C.I.A.  
Yes sir!(Smiles at Will.)

Their origin and their motives is

The main key to complete the scroll  
is now in our possession and that  
just in time.

C.I.A MAIN OFFICE  
What do you know?

MR. PRESIDENT C.I.A.  
We know they want to lead a full

planning something major. Excuse my  
ignorance I have to wait until the  
early hours in the morning and I'll

Well sir we need to develop a field team to investigate this matter seriously.

CHIEF C.I.A.

Listen Frank if we do, that will alert the public and make us look like we don't have an answer and you know what will happen if we don't have an answer, everyone will have one for us.

C.I.A. FRONT OFFICE WORKER

Well sir if we don't your right someone will. Not only is it civilians reporting and showing videos on you tube and what not it's our law enforcement. To be honest with you sir, we may be at a war we are not prepared for, not only that it's not the public who needs to be alerted.

Tips are for the police general not

we need more evidence to launch and  
kind of attack.

GENERAL ADVISOR  
Sir it won't be an attack. It'll be  
more like a counter attack. Three  
countries have decided they are in  
risk of losing prime commodities if  
a war is presented against our  
terrorist and have waged a official  
threat to attack us. We have to do

I do apologize sir we were getting everyone together and completing our research. I'm running to the lab now and you will be on speaker so speak loud and clear.( signals everyone it's go time.)

MR. PRESIDENT C.I.A.

Someone explain!

I will sir. Uh, Mr.Uh

MR. PRESIDENT C.I.A.

General of C.I.A.

WILL

Mr. general sir, we have it decoded.

C.I.A. JAKE'S OFFICE (GENERAL)

Give it to me quick and clear.

WILL

Okay sir don't be discouraged but the actual scroll gives us their motives which is to ultimately rewind time. Without getting into the place from where human kind came. Let's just get into how we can stay. The purpose of their mission is to control our planet for it's precious metals. Those metals fuels their progress on their planet.

C.I.A. JAKE'S OFFICE (GENERAL)

What are they exactly?

WILL

They are from a planet millions of light years away. They can somehow clone the human body by seizing the human soul after it leaves the body.

can move using lifelike human  
bodies.

SCIENTIST C.I.A.  
Sir, they don't actually breath.

C.I.A. JAKE'S OFFICE (GENERAL)  
Where are we with destroying  
whomever is trying to destroy us? I  
have sightings everywhere and a  
possible outrage coming. Not only  
that there are threats of a world  
war starting. So give me an answer!

MS.BANKS C.I.A.  
So what we are trying to say is we  
have their genetic make up and  
history but the scrolls actually  
direct us to another place for the  
answers. It was done this way  
purposely reason is unknown.

COMMANDER PHILLIPS  
It could be a set up.

MR. PRESIDENT C.I.A.  
Sir I also heard of a war starting  
and we have strong reason to  
believe that it's them behind it.  
We need assistance from the  
president and military escorts to a  
crop circle which we believe it has  
directions.

C.I.A. JAKE'S OFFICE (GENERAL)

EGYPT'S GENERAL ADVISOR

You are right sir, we will not allow it.

EGYPT'S PRESIDENT

the scrolls and direct the crew to  
the hidden cave. I want you on my

WILL  
Yes sir!

EXT: DAY- THEY HEAD TO EGYPT TO AN OLD ANCIENT CITY WHERE  
THE SCROLL DIRECTED THEM.

PAN: OVER EGYPT AS THEY REACH WHAT WAS OUTLINED FROM THE  
SCROLL TO BE THE PLACE REFERRED TO AS THE HIDDEN ANCIENT

WILL  
There it is down there, look!

ROC  
Looks like a sand hill.

COMMANDER PHILLIPS  
Team A prepare yourselves to find  
anything that looks like it could  
be hidden. Do whatever you have to  
do and find that hidden scroll.

EXT:DAY- THEY LAND ON THE DESERT IN EGYPT AND START TO

WILL

COMMANDER PHILLIPS  
Let's get it to the lab.

INT:DAY- AT THE LAB THEY BREAK DOWN AND DECIPHER THE SCROLL.

WILL  
Okay what does it say? How do win this war.

ROC  
Just give me the word.

COMMANDER PHILLIPS  
Unfortunately this is war can't be won with physical force.

ROC  
Then how do we fight it?

SCIENTIST C.I.A.  
It still remains a mystery.

WILL  
What do you mean what does it say?

SCIENTIST C.I.A.  
It step's up like a riddle and whomever wishes to solve it will go the distance.

COMMANDER PHILLIPS  
What does that mean professor?

(CONTINUED)

SCIENTIST C.I.A.

The remaining answer is hidden in the center of three similar great structures. You will find it buried forty feet below. Look for the light where it originates and the door will be opened unto you.

COMMANDER PHILLIPS

What does that mean!

WILL

I think I know what it means. The light originates in the east therefore the secret door must be on the east side of the structure which is between two other similar great structures.

SCIENTIST C.I.A.

The pyramids of Giza!

WILL

That's it, that's where the final answer is buried, in the pyramid!

SCIENTIST C.I.A.

(On the laptop.)The center pyramid is called Khafre. We have it located. We don't have much time.

of the capsule.

SCIENTIST C.I.A.  
You might not believe this or you  
may not want to believe it.

COMMANDER PHILLIPS  
What is it?

SCIENTIST C.I.A.  
According to this new information,  
first a quick briefing about their  
historical account. This revelation  
is quite the contrary to what we  
believed. Okay, now it seems they  
are not our afterlife but in fact

SCIENTIST C.I.A. (cont'd)  
they are life that utilizes human form to come to earth. Their vulnerability lies in their true essence which is what we thought to be a spirit form. So it seems all life on any location has a physical form but controlled through some other force. It seems that the ancients found this out and after trial and error accomplished victory.

MR. PRESIDENT C.I.A.  
What's the verdict? How do we accomplish victory?

SCIENTIST C.I.A.  
It says that we have to fight and destroy them by attacking their only functioning organ that keeps them alive which is visible and obtainable only by their own type or,

COMMANDER PHILLIPS  
Or what?

SCIENTIST C.I.A.  
Or it says man must transform from human form to spiritual form in which case he has to,

COMMANDER PHILLIPS  
He has to pay the ultimate sacrifice.

MR. PRESIDENT C.I.A.  
So a man must sacrifice his life then in an afterlife fight his battles.

SCIENTIST C.I.A.  
Not a man, a couple million men.

MS.BANKS C.I.A.  
Why so many?

SCIENTIST C.I.A.  
Well according to the scrolls, mathematically by the time everything takes place you will notice them start to emerge from

it's borrowed human body. It was  
recorded by the ancients 2.2  
million so I figured the way things  
are going it would be the same.

MR. PRESIDENT C.I.A.  
So what you are saying is we need a  
couple of million men to sacrifice  
their life, convince them to fight  
in an afterlife for the sake of the  
rest of the world.

SCIENTIST C.I.A.  
It's been done before. Considering  
the ancients won. I don't think we  
should or can give up.

COMMANDER PHILLIPS  
At this point Mr. President I would  
just tell the truth. Ask the  
president to send out a national  
emergency so that everyone willing  
if anyone can come forward.

MR. PRESIDENT C.I.A.  
I, I don't know it seems way to far  
fetched, I don't personally think  
we can do that.

MS.BANKS C.I.A.  
Not only can we do it we don't have  
the time. Something like that would  
take at least a few weeks if not  
months.

MR. PRESIDENT C.I.A.  
Your right. So what happens if we  
don't?

SCIENTIST C.I.A.  
Well, they get their way, destroy  
man once and for all take the earth  
back for themselves.

COMMANDER PHILLIPS  
What's the process?

SCIENTIST C.I.A.  
After the eclipse they will form  
the sun to appear and by use of the  
earth regular gravitational pull  
they will pretty much cook us.

(CONTINUED)

MS.BANKS C.I.A.  
Shit. Sorry.

MR. PRESIDENT C.I.A.  
They could have done this without  
causing an alarm of their presence.  
Why the infiltration.

SCIENTIST C.I.A.  
To unbalance our life structure  
they needed it to be more men dying  
than living or being born. So they  
had a lot of work to do.

MR. PRESIDENT C.I.A.  
So they seem to have the numbers in  
order now. Why couldn't man see  
this coming?

SCIENTIST C.I.A.  
We periodically go into total chaos  
then become eliminated by way of  
natural disaster. Now we have the  
technology to see what causes it.  
Therefore in order for us all to  
make it we must destroy it.

MR. PRESIDENT C.I.A.  
I'll make the call to the president  
and let him know to make a  
worldwide announcement. I believe  
we done all we could considering  
the demand of resources to fight  
this battle. We just don't have the  
manpower. So long guys.

EXT: NIGHT- THE PRESIDENT IS WALKING BACK TO A HOTEL IN  
EGYPT. HE RECEIVES A PHONE CALL.

MR. PRESIDENT C.I.A.  
(ring) Mr. President?

MR. PRESIDENT  
Go ahead.

MR. PRESIDENT C.I.A.  
What we found might not be possible  
but it's are only shot. I need to  
see you right away.

MR. PRESIDENT  
Okay.

(THE NIGHT RAINBOW BECOMES VISIBLE AGAIN ALONG WITH A THUNDER THAT STARTLES EVERYONE THEN GOES AWAY.)

MR. PRESIDENT

I called this emergency meeting with all of you here because we are at a dead end and I owe it not only to you but everyone that occupies space here on our mother earth. You all deserve an explanation. I first thank the American people for allowing me to be your leader. On behalf of all the leaders for every nation present and absent I would like to express their thanks as well. I have to give you some information that was once considered top secret but will now effect the lives of every person across the world. There are powers from other places far beyond the realm of earth that want to take full control of a place they call their own. They think we are visitors. This war was before us but now is ours once again. That means one thing people, we won before( applauding cheering) We will win again! How do we win you ask. Well the details may take too much time to explain so I'll give it to you straight and plain. Through our highly qualified research analyst we have come to the conclusion that we are not alone. Also our adversaries have learned how to clone our bodies and we now know how to destroy their bodies, and that once and for all. They are to be fought not in a physical form but in another form maybe you've heard about it. The afterlife. It's a war that has been recorded throughout generations. It has been tried and tested by the ancients. It's proven. So to be frank we need roughly 2.2 million people willing to make the ultimate sacrifice for the sake of human

enemies, but we cannot or will not  
possess the necessary powers to  
destroy them. Then this time around
